Sede sociale: via Rossini, 6
20122 Milano

Milan, 5th July 1991

C E R T I F I C A T E

TO WHOM IT MAY CONCERN :

This is to certify that many METERING PUMPS have been manufactured and installed by OFFICINE MECCANICHE GALLARATESI - MILAN - to our Refinery of PANTANO DI GRANO (ROME).

They have been operating to our satisfaction without any troubles since they put into commercial operation on 1978 and the after sales service and spare parts supply has been very good.
